Getting Ahead in the Workplace is a program that helps under-resourced people build resources and gain control over their future stories for a better life at home and at work.

Through activities and group discussions, participants create their own success by investigating:

- The causes of instability and poverty
- The “hidden rules” of getting ahead in the workplace
- How to build resources and relationships that open doors and help keep them open
- Practical skills for dealing with change and creating stability at work and at home
- The power of intentionally creating and following a plan for a new future story.

Getting Ahead is not taught. Instead, we learn from one another by sharing our own experiences, contributing to problem-solving discussions, and exploring ways to strengthen our community by helping people to move out of poverty.

Consider taking this step-by-step journey toward your future story and a more prosperous Leon County.

Getting Ahead participants receive:

- Workbook and meeting materials
- On-site child care during meetings
- Gift card stipend (\$25 each session)
- One-on-one counseling outside of class meetings

Participants are expected to commit to attending the full semester. Space is limited, so contact us today for more information and to apply:
